I am concerned about the large transmission towers coming so close to my property at 5301 County Road 442, La Veta, Huerfano County CO. I intend on making this property my permanent residence and am concerned about the health risks and aesthetic destruction of the property. My property borders Kimbrough Trust property on County rd. 442, off hwy 160, Huerfano County CO. I intend to oppose this project legally and I have the support of all my neighbors on County road 442. if it goes comes into the area bordering my property. Why wasn't I notified as well as the 12- 15 residential homes that are on County Road 442 near Highway 160.
